

Zebra MC9200

ENTERPRISE GRADE RUGGED MOBILE COMPUTER

Supports both Microsoft Windows Mobile and Windows CE

Windows Mobile 6.5 increases interoperability with existing enterprise infrastructure, WinCE 6.0 provides a robust platform for custom application development.

Proven rugged construction, ready for your most challenging environments

Delivers reliable performance, despite everyday drops on concrete, subzero cold, extreme heat, dust, spills and more.

Six advanced scan engines — the most scan engine options

There is a scan engine option that is optimized for rapid-fire capture of 1D, 2D, DPM codes and more — even if the codes are dirty or damaged.

Dual Core Processor

Increased scanning speed on 1D & 2D codes along with quickly start up times for increased operational efficiency

Change keypads in minutes

Six interchangeable keypads makes data entry easy for any type of application. The modular architecture allows you to change the keypad in minutes, right on site.

Backwards compatibility with all MC9200 accessories

Upgrade to the latest mobile technology advancements while preserving your existing accessory investments.

Improve productivity and accuracy in the most extreme environments with MC9200 gun-style mobile computer
